1

we pray to You

for forgiveness
awareness of self
clarity of vision

we pray

for a life
fulfilled
within Your Plan

in patience
submission
sincerity

and at the end of our days
safety in our homecoming

2

the day is spent
we have been blessed
given our due
shown where we failed
how we gained

not easy to recall
weaknesses
strength

sunset

3

strange encumbered passengers
reminisced
last night
long term plans
empty thoughts
dumb ideas

with hearts less tranquil

the eight o'clock train

4

proudly
shz tiptoes
herself
shz knows

which onz
of us
can boast
as much

thz cat

5

quite unexpectedly
we were obstructed
by turbulent waters
floating away
into seas unknown
heretofore
we dared confront
our birth

You cradled us
fast within our feelings
comforted us
in our cry

when ultimately
we witnessed
the storm
subsiding
leveled we stood
somewhat aghast

oasis

6

this very minute
how precise
how intimate
how valiant

varying the forms
and the degrees
bountiful gifts
will follow

records
of rare magnificence
within the innermost
within the outermost
without great effort

this very minute

7

the windows are standing ajar
the wind is gently blowing
alone in the quiet
happy together

a strange day

in the morning
we stepped
into a cloud

went bathing
always together
we lay ashore
after our swim

watching the ripples
of the waves break
into our feelings

we soared upwards

the world around
seemed to contain us
no longer

we shall learn
to go forward
in time
like warriors

tomorrow
with God's grace
another day will dawn

quiet

8

we may not know
how far away
we wander
how near we look
what wishes come
what pleasures
dwindle

our paths desist
when roads we dig
into vast deserts
into sand dunes
that flutter
with the winds

we may not know

9

at the break of day

we partook

of the greatness

of Life

by noon

we encountered

the enemy of Light

10

even
the clouds
gather together

in unity

in joy

in Wisdom

anugrah

that mournful look
desists
in thought

the outer cries
the inner stirs

they merge
to combat negligence
combat frustrations
of our age

sorrow

little one

what did you whisper
at dusk

tears
filled our eyes
tears of sorrow

tears of prayer

13

deeper than the seas

wider than the vastness

of the oceans

way into the universe

in True Love

we'll travel

True Love

14

quietly
we left the hall
silence
reigning
in us all

as we walk
the gilded path
fears of sorts
abandon us

surrender

15

Light Divine

teach us

to appreciate the art
and quality
of guided living

to welcome
continuity
in change

to trust
in unity
in harmony
in everlasting peace

always to go on
adamant and firm
